GIN
PARLOUR

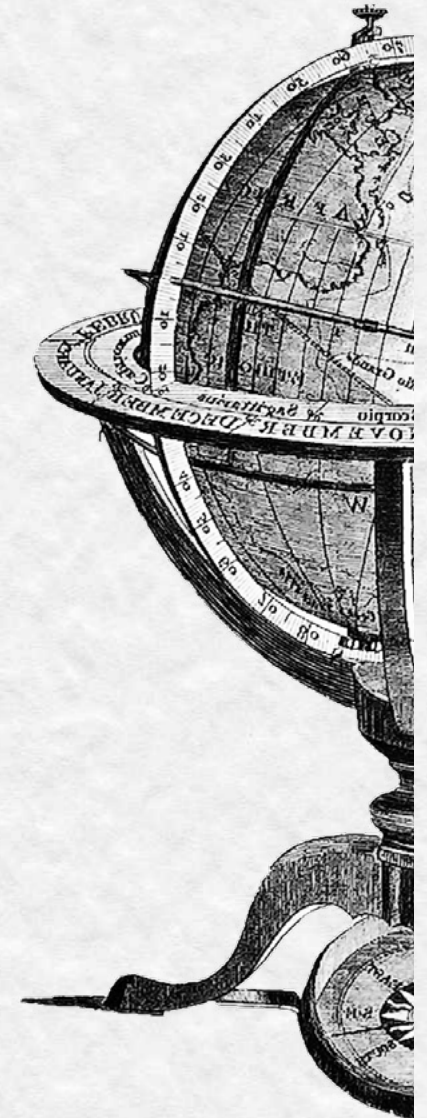

G&T^ea

Ahh... the Afternoon Tea! A British delicacy, a picture of tradition and a time for leisurely congregation. It is our wish, however, to challenge the boundaries of the traditional and take you with us on a grand journey of the senses... around the world!

For the patriotic, choose to remain in Britain, sipping on some of our most treasured flavours; the familiar taste of barrel-aged Earl Grey tea and Bombay Sapphire gin, blended with hints of lavender, almond, juniper and citrus, are sure to induce a warm feeling of home. For the more adventurous, one can instead venture through the flavours of Africa sampling the subtle potency of liquorice and tamarind, perfectly harmonised with the soft spices of rooibos tea. Or, explore the intense taste of Asia with sencha tea, delicately fused with notes of black cardamom, bamboo and lemon. Alternatively, go where no other has ventured, as the Star of Bombay transports you 'out of this world', fooling the senses with a beguiling hand-crafted and homemade gin Champagne.

Let us take you on this grand journey, challenging the conventional and defying the norm. Come with us on a tour of the senses, in a destination of your choice, as we conjure up a sensual cocktail of aroma, flavour and colour in this continental trip around the world..
